WRECK MOST SERIOUS

Sixteen Persons Killed and Fifty Injured, Some Seriously.

DEAD ARE ITALIANS.

The Accident Was Caused by Heavy Rains Undermining a Trestle Through Which the Train Plunged With Its Load.

Pern, Ind., June 26.—Sixteen persons killed and about 50 seriously injured in a wreck of train No. 3 west bound Wabash limited, nine miles west of this city early this morning. All the dead were italians en route to Colorado. Many of the injured undoubtedly will die.

The cause of the accident was undermining of a trestle by the heavy rains. Through this trestle the engine plunged into a deep cut followed by the express car, three chair cars and an emigrant car.

The injured were placed on a special train and brought to the hospital in this city.

The wreck was one of the worst in the history of northern Indiana. The distance of the wreck from the town made particulars hard to get.

Little attention was paid to the dead. They were laid aside and attention centered on helping the wounded out of the wreckage.

The train was attempting to make up some lost time when wrecked.

NO RIGHT TO MINERAL.

Those Found on Lands Bought from the State Belong to Purchaser.

Austin, June 26.—The supreme court has decided that in lands classified as agricultural lands belonging to the state and sold as such to actual settlers, the state has no right in the minerals on such lands; that minerals under the land belong to the purchaser and that it is not necessary for the purchaser to make an affidavit when he makes application to purchase such lands to the effect that to the best of his knowledge and belief the lands contain no mineral deposits. This decision settles the question of the state's rights to the minerals on the school and university lands.

The case was that of August Schendell against Land Commissioner Charles Rogan for a writ of mandamus to compel the land commissioner to issue a patent and the governor to sign the patent to a fractional section of school land in Fort Bend county.

This question involved millions of acres of mineral lands in and around the Beaumont oil fields. The court holds that the state has no claim whatever to the minerals.

Rehearing for Dent Overruled.

Austin, June 26.—A motion for rehearing was overruled in the court of criminal appeals in the case of W. J. Dent, the alleged forger, from Cherokee county. The case will now be appealed to the United States supreme court. Dent was tried as accessory to murder by forging a pardon which secured the release of George Isaacs, a lifetime convict, from the penitentiary.

Protest Against Wu's Selection.

Philadelphia, June 26.—At a meeting of the Chinese-American society held here resolutions were unanimously adopted protesting against the selection of Wu Ting Fang, the Chinese minister, as orator of the day at the Fourth of July celebration in this city. The resolutions allege Wu "covertly aided the boxers in their massacre of Christians in China" and "has been misleading the public by statements in regard to his position toward them."

Italy Pays No Bounty.

Washington, June 26.—An official statement from the Italian government was communicated to the state department to the effect that Italy paid no export bounty on sugar. This action by the Italian authorities follows the issuance of Secretary Gage's treasury order suspending liquidation of all sugar imported from or produced in Italy on the ground the treasury had information leading to the belief that Italian sugar received a bounty.

Now With the Jury.

Eldorado, Kas., June 26.—The case of Jessie Morrison, charged with the murder of Mrs. Olin Castle, her rival, has been given to the jury. County Attorney Reed is quoted as saying that in case of a hung jury at this, the second trial of the prisoner, the case may be given up by the state and Miss Morrison set free.

Passenger Steamer Ashore.

St. Johns, N. F., June 26.—The Orient Steam Navigation company's steamer Lusitania, Captain McNay, from Liverpool June 16, for Montreal, having 500 passengers on board, is ashore off Cape Ballard, on the coast of Newfoundland, about 60 miles south of St. Johns.

OFFICER KILLED.

Chief of Police of Seattle Shot Down by John W. Considine.

Seattle, Wash., June 26.—John W. Considine one of the owners of the Standard gambling house and the People's theater, shot and killed Chief of Police W. L. Meredith. The shooting occurred in Guy's drug store in the heart of the city. Considine was wounded slightly in the head by Meredith with a shotgun.

The stories of the shooting are conflicting and it cannot be said who was the aggressor. They had threatened to shoot on each other and both were prepared for it. Meredith was killed while struggling with John Considine and Tom Considine who had come to his brother's aid. Three bullets from Considine's revolver fired at short range pierced Meredith's body.

Considine was arrested by Sheriff O'Connell and two police officers who were in the store when the shooting occurred. He was taken to police headquarters and then to jail in a closed carriage, there being some talk of a lynching in the crowd which had gathered.

There had been bad blood between the men before Meredith was made chief of police and he served notice on Considine that the latter could not remain in the city and do business. This was followed by several police orders which hurt Considine's business. In retaliation Considine publicly made charges of corruption in office against Meredith. The council had an investigation and Mayor Humes upon their advice requested Meredith's resignation.

WRECKED BY A COW.

One Woman Badly Hurt and Three Postal Clerks Are Injured.

Little Rock, June 26.—Passenger train No. 55, known as the southbound Texas special, on the St. Louis, Iron Mountain and Southern railroad, struck two cows in the suburbs of Beebe, Ark., late Tuesday afternoon and was wrecked.

The casualties were: Mrs. Howard of Waco, Tex., en route home from a St. Louis hospital on a cot, badly shaken up, seriously injured.

W. W. Seebold of St. Louis, chief postal clerk, cut about head and arms, not serious.

M. E. Sims of Little Rock, postal clerk, cut on hands and face, not serious.

Butler Canfield, a negro, St. Louis, postal clerk, cut on hands and face, not serious.

As the engine struck the cows a switch was thrown. The engine was derailed, but not overturned, the engineer and fireman escaping injury.

The tender, two baggage coaches and one mail coach were derailed, turned over and smashed literally into kindling wood and scrap iron.

Three day coaches and one sleeper were derailed but not turned over and only the last two sleepers of the train remained on the track. The track was torn up for 300 yards.

None of the passengers except Mrs. Howard was hurt, but were given a most serious shaking up and thrown from their berths and chairs with great violence.

Leipzig Bank Suspended.

Leipzig, June 26.—The directors of the Leipziger bank announce that owing to the stoppage of the Dresdener Credit Anstalt, the Leipziger bank is compelled in the interest of its creditors to temporarily suspend payment. The directors say that if the commitments can be liquidated quietly the creditors will suffer no loss and shareholders may hope for a favorable outcome. The capital of the bank is 48,000,000 marks.

Strikers and Police Clash.

Rochester, June 26.—Striking laborers numbering 1000 had a brisk encounter with police here in which 11 policemen and 20 rioters were injured. The rioters had driven off laborers at work on street improvements.

The Indian Territory to Beaumont: Me too.

The State teachers' association is in session at Sherman.

The Brenham summer normal opened with an attendance of 35.

We may deserve to win and yet lose, but it still remains that to deserve to win is the surest road to success.—Wm. J. Bryan.

The Navasota Examiner thinks the cotton crop prospects are good, and believes that poisoning with the Malley formulas is saving the crop.

The Brenham compress company has received the first shipment of fuel oil from Beaumont on a contract for 20,000 barrels, to be delivered in a year.

The expected happened, and the unexpected got completely knocked out in the Ohio Republican convention. Mark Hanna was re-affirmed, and all that Mark stands for was endorsed and upheld. The gold standard was praised, the policy of the administration in the insular possessions was endorsed, the pension system was held up to the world and praised as something rare, original and unrivaled in history, (which it is), and pronounced altogether blessed, which it is not. Even the Dingley traffic law was unqualifiedly endorsed, and Foraker, in a red hot speech said something about the flag, and brought down the house as usual. Ohio is still in line.

Woman's Horror

Modest women dread to consult a doctor about diseases peculiar to their sex. They have a horror of private examinations and surgical operations. For this reason treatment of dangerous derangements is neglected. But the Wine of Cardui treatment, which can be adopted at home without the knowledge of any one but the patient herself, is now coming into general use. Women who take Wine of Cardui do not have to submit to a physician's local examination nor to a surgical operation. Wine of Cardui cures in the privacy of the home. No publicity, no cutting and torture and no physician or examination, while Wine of Cardui is quietly building up and strengthening the female organs. Menstruation is regulated, the drains of leucorrhoea stopped and the fallen womb restored to its place. The terrible pains which rack the body are but results of the ailments, which yield so readily to the soothing properties of Wine of Cardui. The medicine that cures Miss Garlen will certainly help you.

Wine of Cardui

Rockford, Tenn., Aug. 16, 1899.
I have suffered from womb trouble for five years. Last spring a year ago I was bedfast for six months. I paid \$52 to one doctor, and he said he had done all he could for me. I had about given up, but called another doctor, who said I would have to have surgical treatment. I decided I might as well die a natural death as that. I happened to get nine days after I commenced taking Wine of Cardui and Black-Draught I could walk across my room, and in three weeks I made myself a dress. This was after my neighbors, and even my brothers and sisters, said I would never be any better. I am now in good health.

CONSUL TO PRETORIA.

Grant Gillespie of Missouri Will Probably Get the Place.

Washington, June 26.—It is probable that the consul generalship at Pretoria which has been vacant since the return to this country of Adelbert S. Hay, who was killed at New Haven on Sunday morning, will soon be filled by the appointment of Grant Gillespie of Missouri. The Missouri Republican leaders have endorsed Gillespie for the post and the state department is only awaiting his acceptance before announcing his selection.

Mr. Gillespie was in Washington a few days ago and the place was offered to him. He hesitates to accept because of the experience of Adelbert S. Hay showed that the salary of the post \$2000, is not enough to support the incumbent. He has been assured that congress will increase the pay to about double and it is thought that on this assurance he will accept it and qualify at an early date, so as to hurry to the Transvaal capital and look after the long needed interests there.

SENTENCED TO HANG.

Washington, June 26.—Records of several court martials of Filipinos have been received at the war department from Manila, among them that of a native sergeant of police. Once in Tabares treated the American with lavish hospitality and pressed glasses of vino upon him until the soldier was badly intoxicated. The sergeant then ordered two policemen to take unfortunate man outside of the village and kill him. Tabares promptly sent his two accomplices off to insurgent ranks to get them out of American jurisdiction together with the dead man's uniform and accoutrements while he remained discretely silent. He was found guilty of murder and also arson having caused about 100 dwellings in Cabatuan to be burned. He was sentenced to be hanged.

GOVERNMENT OF CUBA.

Platt Says it Must Be a Model and Not a Paper Republic.

New York, June 26.—The next issue of The Independent will contain a paper under the caption "Pacification of Cuba," written by Senator Orville M. Platt. In closing the writer uses these words: "One question must be asked, will the new government succeed? Some conditions in Cuba are favorable to success, some are not. The United States cannot be satisfied with an ordinary South American republic there. It must be a real republic that will insure our peace and quiet, and safe guard our interest there. A mere paper republic with a virtual dictator or constantly recurring revolutions will be nearly as disastrous to Cuba and as dangerous to the United States as Spanish domination to which we put an end."

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.
